

Cup

Q-ty:

Colors:

Specify the background colors and graphic elements in CMYK, Pantone, and HEX formats.

Before starting the printing process, the client is responsible for thoroughly checking and approving the final graphic design. Once the design is finally approved, we are unable to accept any further changes or corrections. The client is obligated to ensure that all texts, fonts, logos, and content are correct and free from errors, and are in line with the expected product. We would like to inform you that we are not responsible for text corrections or rectifying errors after the design has been approved. Please carefully review the approved design before proceeding with the printing process.

Notes:
